beautiful objects that work

Fortis Conference Room Collection

Exquisite in any form

Fortis is Latin for “strong, steadfast, robust.” This collection’s strength is evident in its straightforward function, including the efficient way it handles technology. Every Fortis piece is a steady performer, too, thanks to quality materials and meticulous craftsmanship. The elegant options and architectural aesthetic of Fortis combine to yield a versatility that is exquisite in any form.

Table

This table meets the demand for versatile conference room furnishings that accommodate all the senses. A wide range of sizes and material options address requirements for beauty and function. Full capabilities for power, data, voice and audio support communication of all types. A completely enclosed base provides convenient access to wires and cables.

Lumber-banded top with distinctive reverse bevel edge

Flip-up power/data trough for easy access to outlets

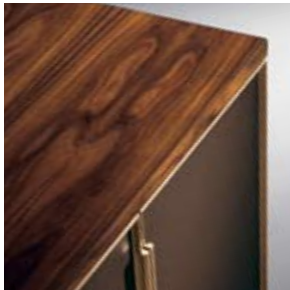

Painted glass panels for added aesthetic options

Credenza

Storage needs within conference settings continue to be an important consideration even as technology plays a larger role. This freestanding credenza offers an abundance of attractive, functional storage. Its wide range of sizes and material options complement the other furnishings in this series. Together they create a consistent appearance throughout a conference or meeting environment.

Santos Rosewood for a sophisticated appearance

Clean, elegant look of side pulls and leather doors

Elegant metal detailing complements material options

Wall-Mounted Credenza

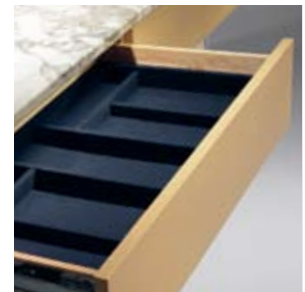

This wall-mounted credenza brings practical, beautiful storage to a conference setting or meeting environment. Its slender profile ensures an understated presence. An open design allows its top to be used as a buffet or an auxiliary work area. A wide range of size and material options complement the other furnishings in this conference series.

Drawers with discreet pulls complement a stone top

Slender profile for a graceful addition to any room

Felt-lined cutlery tray for stylish, protective storage

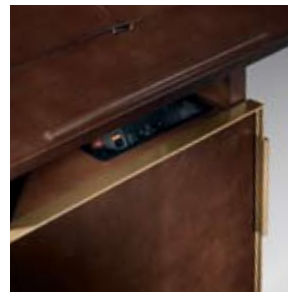

Lectern

With an appearance that makes it the natural focal point of a conference room and features that address the needs of today's presenters, this lectern defines elegant versatility. Available with a light, microphone connections and power outlets, and a recess for notebook computers, it gracefully supports technology requirements. Its wide range of material options complement the other furnishings in this conference series.

Optional tools, including light and microphone jack

Subtle yet conveniently located flip-up power/data unit

Support for laptop computer and easy access to outlets

Mobile Cart

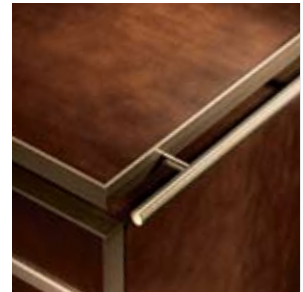

This mobile cart addresses the versatility that today's meeting and conference environments require. Whether used for food and beverage service or to support audio-visual equipment, this piece handles the task beautifully. Its wide range of material options complement the other furnishings in this conference series. Large casters allow for easy relocation.

Flip-up power/data makes technology transportable

Choice of open storage for appropriate applications

Metal handles for a pleasing look and durable function

Visual Board

Fortis visual boards address the versatility that today's meeting and conference environments require. Whether used for housing a flat-screen TV, projecting an image, or as a dry-erase board, this piece handles the task beautifully. Its wide range of material options complement the other furnishings in this conference series.

Fine wood bordered in metal for beauty and strength

Trim sliding doors for easy access to marker board

Deeper version for stylish storage of flat-screen TV
